

# POWER MAGNETICS

## PRODUCT OVERVIEW: SMT UNSHIELDED DRUM CORE INDUCTORS

- Up to 30 Aac
- Typically for lower current, higher inductance applications
- Lower power DC/DC converters and filter inductors
- Portable and battery powered equipment
- Industry standard footprints

## PRODUCT OVERVIEW: SMT SHIELDED DRUM CORE INDUCTORS

- Up to 14 Aac
- Typically for lower current, higher inductance applications requiring low EMI
- Lower power DC/DC converters
- Portable and battery powered equipment
- Industry standard footprints
